Erratum

Erratum to “Disrupted insula-based neural circuit organization and conflict interference in trauma-exposed youth” [NeuroImage Clin. 8 (2015) 516–25]

Hilary A. Marusak^{a,b,*}, Amit Etkin^{c,d}, Moriah E. Thomason^{b,e}^aDepartment of Psychiatry and Behavioral Neurosciences, Wayne State University School of Medicine, Detroit, MI, USA^bMerrill Palmer Skillman Institute for Child and Family Development, Wayne State University, Detroit, MI, USA^cDepartment of Psychiatry and Behavioral Sciences, Stanford University School of Medicine, Stanford, CA, USA^dSierra-Pacific Mental Illness Research, Education and Clinical Center (MIRECC), Veterans Affairs Palo Alto Health Care System, Palo Alto, CA, USA^eDepartment of Pediatrics, Wayne State University School of Medicine, Detroit, MI, USA

In the paper entitled “Disrupted insula-based neural circuit organization and conflict interference in trauma-exposed youth” by Hilary A. Marusak, Amit Etkin, and Moriah E. Thomason, published in NeuroImage: Clinical, Volume 8, 2015, pp. 516–25, we have become aware that the key for “trauma” and “comparison” that appears in Figs. 2 and 3 is incorrect. In the scatterplots, “comparison” participants were incorrectly labeled as the darker magenta color, and “trauma”

participants were labeled as the lighter color. The corrected images, provided here, show “comparison” participants in the lighter color and “trauma” participants in the darker. The mislabeling does not affect the results or discussion of results, nor does it affect the conclusions made in the article.

The authors would like to apologize for any inconvenience this has caused to the reviewers of this article and readers of the journal.
